

## Byrd Tells Men's Club About Importance Of Registration Dept.

A prescription improperly filled by a substituting druggist changed the history of the United States and probably the world. This startling statement was made by no less authority than Supt. Homer J. Byrd of the Department of Registration and Education of the State of Illinois, guest speaker at the weekly dinner of the Methodist Men's club of Arlington Heights last Tuesday evening.

While giving a brief resume of the procedure by means of which the State regulates the more important professions in Illinois, he told the Men's club that an investigation following the death of William McKinley, martyred president, revealed that an incompetent or duplicitous pharmacist had substituted an ingredient not prescribed by the physician caring for President McKinley after he was shot, for an ingredient intended to prevent infection of the wound made by the assassin's bullet, which did not strike a vital spot in its course, and this substitution resulted in infection and death.

And Uncle Sam Entered the War Mr. McKinley's death, said Mr. Byrd, elevated Teddy Roosevelt to the presidency. He served, and recommended Taft as his successor. Taft was elected and served, but did not follow Teddy's instructions and he ran against him which resulted in the election of Woodrow Wilson, who would not have been elected if it had not been for this substitutor, the speaker told his interested audience.

There are not many people who fully realize the far reaching influence of this department, he said, the ramifications of which are so great, it is impossible to elaborate in any one particular line in the time allotted. While on the subject, however, he stated that his department recently had five hundred doctor's prescriptions filled by different druggists as a test, and in ninety-eight cases there were substitutions of ingredient by pharmacists instead of filling prescriptions as directed by the physicians. As an example, he cited Argyrol, frequently prescribed and rather expensive, stating that if the druggist gives you something else instead which looks the same, you can not detect it, but it will not have the effect the physician desires. This condition he described as terrible, but added there are very few substitutors in the country.

He told his audience that twenty-six different laws were administered by the department of registration and education affecting every one in the state with the exception of lawyers, insurance men and teachers, and that in addition the director of the department acted as chairman of the board of directors of the five normal schools. He also explained briefly the requirements in the matter of education in accredited schools and actual experience necessary for applicants to take examinations in order to obtain a license by the state as architects, structural engineers, barbers, dentists, embalmers and funeral directors, osteopaths, pharmacists, registered nurses, detectives, manufacturers of fireworks, and even horse shoers. The administration of the Medical Practices Act and Narcotic Drugs Act also came under his jurisdiction. We have an inspection department in Chicago, he added, that investigates among other things, complaints about quacks, stating that most prosecutions result from anonymous complaints received there, after which an inspector is sent out on the case and prosecution follows. People do not like tattlers, said the speaker, but this is often the only way we have of getting the leads necessary to properly protect the public from unscrupulous and very dangerous imposters.

The speaker also told his listeners how this important department was conducted under one of his predecessors—W. H. Miller, who had certain prices for everything and was finally convicted and served three years in the penitentiary.

Mr. Byrd, who previously held the offices of County Commissioner and Assistant Superintendent of Schools, made no introduction to most of the Men's club, having spent a number of years in this community.

## Bondholders To Get First Dividends After Seven Years

The bond holders of the Mary Carolyn building, occupied by the Arlington Cafe and other tenants, will meet Tuesday in the lobby of the Cook County Farm Bureau building, when they will receive dividend checks and an encouraging report regarding the operation of that structure upon which foreclosure proceedings were taken several years ago. The dividend amounts to \$18,000, outstanding bonds total \$38,000. This is the first dividend. Before the bond holders could receive any money, it was necessary to pay a lot of back taxes, liens and judgments, as well as bonds upon which foreclosure had been started. By concentrated action the remaining bondholders have saved their original investments and are in a position to receive future returns.

The agents handling the affairs of the building the past three years are Messrs. J. D. Flentie and C. M. Bergens.

HOMER J. BYRD  
Superintendent of State  
Department of Registration

## Two Killed On Rand, Railroad Crossing When Car Hits Freight

Two persons were killed and one injured when the car in which they were riding struck into the midst of a Chicago, Milwaukee and St. Paul freight train on the Des Plaines Valley junction line where it crosses Rand road early Sunday morning. Donald Hitchcock, Arlington Heights, towerman, witnessed the accident of which the train crew knew nothing about until they reached the Bensenville yards.

Anthony Brozny, 23 years old, 1030 N. Wood, Chicago, and Frank Sliz, 25 years old, 1056 N. Damen ave., Chicago, were slain and Ben Mojik, 1041 N. Wood street, Chicago, injured. Mojik suffered a skull fracture and possible internal injuries and was taken to the Northwestern hospital.

The Des Plaines fire department were called when the car caught on fire after the impact.

## High School Students Hear Many Interesting Assemblies

There are many interesting assemblies that are given through the year at the Arlington Heights high school. They cover numerous fields and are an aid to education, broadening the minds of the boys and girls.

Among the recent ones was a film showing the last eighty years in science and invention. Accompanying this film was one of pictorial and historic interest, showing the first federal island prison that was located near Cuba.

The general assembly of this week is under the auspices of the student council. Mr. Hayes will give a talk on the work that student councils are doing in other schools, teaching citizenship and discipline.

Dr. Best will give a talk on public sanitation and health at three o'clock January 13 to all the teachers of the public, and parochial schools within the high school district who desire to attend.

## Fire Chief Helps Hollywood Girls Entertain At New Years Celebration

Geo. K. Volz, Arlington Heights fire chief, is always ready to jump to the rescue whether it be a fire call or merely a pretty girl in distress. According to a story heard by the editor New Years Day, our fire chief made good at the College Inn New Year's Eve when at the request of Buddy Rogers, he joined a few others in participating in one of the dancing numbers given by the girls in the Hollywood revue. There is no doubt that George got the greatest thrill of his life dancing the "big apple" with the prettiest girl in the Hollywood cast, but the seven hundred spectators, according to the reports, got as nearly a big thrill watching George and his charming companion.

Mr. Volz was host at the College Inn that evening to a party consisting of Miss Florence Spencer of Madison, Wis., Mr. Robert Born of Ripon, Wis., Mr. and Mrs. A. G. Volz of Chicago, Mr. and Mrs. Glen M. Benson and Donna Marie Volz.

## Scouts To Collect Old Newspapers Saturday

If you have old newspapers or magazines and the home, phone the American Legion home, No. 1572 and a boy scout, will call at your place Saturday.

The boys are earning this extra money and have set a goal of five tons. Pile up your magazines and papers, or if you have not the time to put them in piles, leave it all to the scouts.

## Nurse Report Year Service To Community

Miss Jackson, Arlington Heights community nurse, makes her report this week to the people of the community. There are many local organizations and various taxing bodies that have had a part in making the services of Miss Jackson available and the report is naturally offered through the press.

The figures of that report tell a story that would take many columns of newspaper space to record. There is represented therein many joys and innumerable sorrows. It is usually sorrows that bring Miss Jackson into the home, but the health service of which Miss Jackson is the directing head, leaves in its wake many joys and much thankfulness on the part of the recipients.

There is not a family with a boy or girl in the elementary school which has not come into contact with Miss Jackson's work. There were 3,250 pairs of eyes that have been examined, there were 1978 children who have been weighed and measured. The teeth of over twelve hundred children were examined by dentists.

Calls by the nurse have been made to over six hundred homes. Seventy-four of these calls were for nursing purposes.

Before giving those figures it is most fitting that the New Years message of Miss Jackson be given herewith:

As my New Years greeting, please allow me to thank those who have contributed their services or material aid to this work. This is the sort of a task which calls for help from the Community and we are thankful that there is always somebody to whom we may go for the needed assistance. We never receive the answer "no" to our appeals. We trust you who have answered these calls have enjoyed it as much as we who have had the privilege of extending such aid directly to the individual. We are sure we shall be back for more of this fine co-operation and we trust it will be forthcoming with the same whole-hearted manner as heretofore. May 1938 bring health, happiness and a busy year to all.

Sincerely,  
Martha E. Jackson, R. N.

There were one call each made to Oak Forest tuberculosis sanatorium, Dixon State hospital for Epileptics, Home for Destitute Crippled Children.

Several calls made to Cook County Hospital and Chicago Tuberculosis Institute Chest Clinics. There were many baby layettes given out and many articles of warm clothing given to children in local schools.

There were several boxes of food given to local families. There were many new articles of clothing, shoes, new half soles, over shoes, etc., given to local school children.

Respectfully submitted,  
Martha E. Jackson, R. N.

## Bootery January Clearance of Paris Fashion Shoes Starts

This Saturday is the signal for the opening of the Arlington Bootery's storewide clearance, including the entire stock of over 500 pairs of the famous Paris Fashion shoes in all styles, sizes and fabrics, as well as the whole stock of men's and children's footwear. Here is an opportunity to save as much as 40 per cent the pair, on some of these shoes.

Included in the clearance is a stock reducing sale in the men's wear department, featuring exceptional values in fine apparel for men.

## BABY CLINIC

A baby clinic will be held at the Arlington Heights village hall next Tuesday afternoon at one o'clock.

## Farm Bureau Moves To New Building

### New Farm Adviser Moves To Arlington; Finds Cooperation

C. A. Hughes, the new farm adviser in Cook county is on the job, as he says with both feet and he likes it—the people of Arlington Heights, the farmers, his job in the northern part of the state and best of all the swell new offices in which the farm bureau officially moved Wednesday.

"I have found a big welcome," states Mr. Hughes "in my new job, have met with the fullest cooperation of those with whom I have come in contact and am looking forward to many years of service to the farmers of Cook county, I am theirs to command."

Mr. Hughes and his family have moved to 204 S. Highland. The family consists of himself and Mrs. Hughes, a foster daughter, who is a junior in the University of Illinois and Mrs. Hughes' mother.

The actual removal of the effects of the farm bureau to its own building on North Duntun, occurred this week. It was formerly the Arlington Heights State Bank building which was acquired by the farm organization several months ago and upon which considerable money has been spent in making the structure suitable for its new use.

O. G. Barrett, who recently resigned as farm adviser retains the former quarters in the Hagenbring building. He has entered in a farm management contracting for a number of the so-called "Chicago farmers" and will be rather a busy man. He is retaining as his secretary, Miss Clara Moede, who served in that capacity so efficiently, so many years while he was farm adviser. However, Mr. Barrett has been kind enough to loan part time service of Miss Moede to the farm bureau until another person can be introduced to the office work at the bureau.

## Judge Has Nothing To Say; Doctors Are Issuing The Verdict

Judge Wm. Neumann of Arlington Heights is in the Grant hospital and will be operated upon Thursday morning unless the doctors order more postponements. The judge when he left home Sunday, thought his word was law and ordered an immediate operation by the surgeon, but the judge's orders did not mean a thing this time. Bill had to stand a postponement or two in spite of pleading guilty. However, he has the best wishes of the boys about town and even the fellows upon whom he occasionally issues sentence. May you be back on the job soon, Bill.

## Scouts Camp Near Libertyville

A happy group of scouts and scouters of the Northwest Suburban council enjoyed two days camping last week at Camp Doddridge under the leadership of Scout Executive Donald E. Kyger, assisted by Frank Perkins, Asst. Scoutmaster of Troop 1 of Park Ridge.

Camp Doddridge, located a few miles northeast of Libertyville, is one of the camps operated by the Chicago Boy Scout Council and provides splendid facilities for camping any time of the year.

Included in the program of activities were opportunities for skating, scoutcraft, games and hikes and handicraft work.

The Scouts who attended were very enthusiastic about the camp and expressed their desire to go again this winter and if it is desired by the Scout leaders another camp will be planned.

The following Scouts from Arlington Heights attended this camp: Bert Ross, Norman Russell, Jack Moodie, Thomas Colman.

## Founder of Arlington Woman's Club Dies

Mrs. Elizabeth Walker, the founder of the Arlington Heights Woman's club in 1887, died in her 82nd year at the home of a son in Dowagiac, Michigan, Dec. 29. The funeral was held at Oakwoods cemetery, Dec. 31.

Mrs. Walker was the wife of the superintendent of the Arlington Heights public school fifty years ago, and with other women started the club following a chautauque course. Mrs. Nellie Best is the only other survivor of the small group that formed the original club January 6, 1887. Mrs. Walker was the club's first president.

## Called To Attend Funeral of Husband And Wife Same Week

The families of the publishers of the Herald were called to Momen Tuesday and Friday of this week to attend the funerals of Mr. and Mrs. Charles W. Styles.

Mr. Styles, who was the last of the family of the late Mrs. H. C. Paddock, died Saturday, the funeral of whom was held Tuesday. Mrs. Styles passed away Wednesday afternoon.

## Schools Must Plan Full Budgets

### State Official To Address School Men At Arlington Jan. 26

N. J. Puffer, county superintendent of schools has arranged for a meeting in Arlington Heights upon January 26 when the state superintendent of public instruction and his accountant, will address school officials of northern Cook county, relative to the requirements of the new school budget law.

According to the new law, the school must budget and they can only pay bills provided for under the budget, which in turn must be approved by the state department.

Municipalities have for a number of years operated under a somewhat similar plan, an appropriation ordinance taking the place of a budget.

Technically the new plan is designed to put into force stricter business practices and while it will prevent the expenditure of excessive amounts for particular purposes it will probably also force a higher tax rate because all tax money must be segregated in various funds and held for such purpose.

Some of the school officials who are familiar with the law are at the present time preparing tentative budgets based upon the actual expenditures in the past.

## Dobbins Heads Local Democrats

Floyd Dobbins, popular young man of Arlington Heights, known to his many friends as "Mike," was elected to lead the democratic organization of Wheeling Township at the regular meeting held January 3, 1938. Mr. Dobbins was the unanimous selection of a large crowd who attended this meeting. He is a life-long resident of Arlington Heights, married and is employed at a local dairy.

FLOYD DOBBINS  
President of the Wheeling  
Democratic Club

The other officers elected are as follows:

First Vice President—Joe Adamson.  
Second Vice President—William Weber.

Third Vice President—Gene Stroker.  
Secretary—Bernard H. Hoss.  
Treasurer—William A. Meyer.  
Sergeant-at-Arms—Al Haempker, Ed Moritz.

An interesting address was given by Mr. Harvey Adams, prominent Chicago attorney who recently purchased a residence and moved to Arlington Heights. Mr. Homer J. Byrd, Township Committeeman commended the organization in their choice of Mr. Dobbins and urged that every member cooperate in making his administration a huge success.

## Arlington Heights Church Asks Aid In Return of Loud Speaker

The Good Fellow who aided in securing apparatus which was used during Christmas week to broadcast from the tower of St. Peter's Lutheran church, Arlington Heights may have to pay dearly for the service he helped to provide that town unless he secures the aid of person or persons who may know the location of the loud speaker which fell from a truck that was transporting the equipment back to Chicago. These horns are expensive and the Good Fellow is in hopes that the party who found it will get into communication with him by phoning Arlington Heights 278-W, or during business hours the Cook County Herald, Arlington Heights 15 (reversing charges).

## Authorize Purchase of Additional Lot

### Building To Be Erected To House Equipment of Street Department

No longer will the street equipment of the village of Arlington Heights have to remain out in the weather because the municipality have no facilities for storing it. During past years, Commissioner Luehring has been wont to hide with paint the ravages of time upon that machinery. Until recently it was housed in a building belonging to the Klehm's, but finally that building succumbed to Time itself and the machinery was again out in the cold.

At a meeting of the board Monday evening a motion was passed that the village exercise an option secured by Mayor Flentie and Trustee Krause and purchase for \$1,550 forty feet of the Carl Kerber property that adjoins the present municipal building. The village expects to set up a relief project for the erection of a one story addition to the latter building and with the government aiding in the purchase of needed material, the improvement can be handled from the regular budget of the municipality.

Attorney Thal was not present to express the legality of the action taken by the village, but the board authorized that it be immediately surveyed and if there are legal hitch to the purchase, the village of Arlington Heights will soon have quarters in which to house all the equipment it owns.

At present the fire trucks are housed in what was originally the council chamber. The two trucks and tractor are in the room that was originally designed for the fire trucks. The shop of the street and water department is in quarters that were originally the firemen's club room. And now additional space is needed.

The new tract is 40 feet wide and 100 feet long and extends from Wing street to Davis street.

The police department presented to the board a resume of its activities of 1937. Considering that the collection of licenses and fines come under that branch of the local government, there has been collected a total of \$8,997.75 as follows:

|                                              |            |
|----------------------------------------------|------------|
| No. arrests May 1 to Jan 1                   | 895        |
| No. vehicle tags issued including duplicates | 1334       |
| Amount collected                             | \$3,818.75 |
| Dog tax collection                           | 192.50     |
| Business licenses                            | 2,144.00   |
| Fines collected May 1 to Jan. 1              | 2,742.50   |
| No miles traveled by police car              | 19,736     |
| Total collected for licenses and fines       | \$8,997.75 |

The water and street departments also presented yearly reports showing what had been done the past year. In the water department, there has been 26 new meters installed, 53 repaired, five new water taps; services shut off 127, turned on 125. Among the activities of the street department were the planting of 19 trees and the distribution of 106 loads of stone. This is independent of any contract work performed with aid of state gas tax money.

Engineer Harris advised the board of the damage that was being done at the treatment plant by the continued use of cinders placed on icy roadways by the highway departments, and the necessity of changes being made in the plant.

Bills and payroll amounting to \$2,244.04 were approved for payment.

## Models Shoes At Show

Miss Marva Meyer, daughter of Mr. and Mrs. Frank Meyer, is modeling shoes for the Better Shoe corporation this week at the National Shoe Fair that is in progress at the Stevens Hotel.

The show is under the auspices of the National Boot & Shoe Manufacturers Association and the National Shoe Retailers Association.

## Again Leads Suburbs In Safety

### Arlington Captures First Place For 1937, Says Safety Council

While the official accident figures for 1937 of the Suburban Safety Council only extend to the first of December, it is certain that the village of Arlington Heights leads all other suburbs which are members of the safety council. This is the second year that such an enviable record has been secured. The Suburban Safety Council comprises 23 villages. Arlington Heights stands first although there was one fatal accident during the year while there were three villages including Des Plaines with no deaths. The greater number of injury accidents in that city and other towns increased their percentages. Des Plaines stands eighth with

35 persons injured in 28 accidents as against Arlington Heights seven injuries in fourteen accidents. With 135 property damage accidents, Des Plaines percentage is 14.7.

## Hagenbring's Offering Unusual Sale Values

Hagenbring's 5c and \$1.00 store is starting the new year off with a special stock reducing sale with items listed showing tremendous cuts in prices. Articles listed this week are in constant demand in every home and at this sale can be purchased at real savings. The feature of the sale is odds and ends of oil cloth in beautiful patterns which is selling at a discount of more than 50 per cent.

## SKATERS ATTENTION!

The park board will hold a special meeting at the field house in Recreation park, Monday, January 10 at 8 p. m. Men who are experienced in construction of outside skating rink will be welcome and are requested to submit their ideas on skating pond construction in Arlington Heights.

# Arlington Society and Club Events

## Holiday Parties and Celebrations Keep Arlington People Busy

The days between Christmas and New Year's day were busy ones for many. Children busy trying out new Christmas gifts, enjoying little parties, while the grown ups were also making the season a gay one.

Tuesday evening the Beta chapter of Theta Chi enjoyed a Christmas party and gift exchange. The evening was spent at bridge.

Wednesday afternoon Mrs. John Kurler entertained several friends at a one o'clock luncheon, in honor of Miss Ruth Fellingham, and Mrs. Randolph Boswell, who were here visiting relatives for the holidays. Miss Fellingham, a sister of Mrs. Jack Monroe and Mr. Warren Fellingham, came from New York City, where she is studying for her master's degree at Columbia University. Mrs. Boswell is a sister of Mrs. E. Heller and with her husband and family, have been guests of the Hells for two weeks. Wednesday evening, Mr. and Mrs. Ray Atkinson entertained in honor of Mr. and Mrs. Boswell, at a bridge party. New Year's day the Heller and Boswell families were dinner guests of Miss Elizabeth and Mary Heller and Sunday evening Mr. and Mrs. L. M. Moeck entertained at tea in their home. The evening was enjoyed at bridge. Miss Fellingham and the Monroe family drove to Hammond, Ind., to have New Year's dinner with relatives. Miss Fellingham left for New York Sunday.

Many and gay were the New Year celebrations in Arlington Heights with lights burning into the wee small hours of the New Year. Several couples gathered at the Elmer Laurin home to play bridge and watch the New Year in, like gatherings were held at various other homes. Eighteen guests enjoyed games and stunts at the Fred Utterback home on So. Pine to welcome in 1938. The Marvin Prellburgs also were hosts to a merry group. Mr. and Mrs. Alfred Capps entertained several friends New Year's eve who enjoyed playing games. Mr. and Mrs. W. Pate were also hosts to a group to welcome in the new year.

Many Arlington people entertained friends and relatives over the holiday season. Among them were Mr. and Mrs. Arthur Savage from Michigan, who were guests of Dr. and Mrs. Savage, for New Year's Eve and New Year's day. Dr. and Mrs. Prieto entertained out of town guests for dinner on New Year's day.

Mr. and Mrs. H. I. Haugen entertained Mr. and Mrs. A. Haugen and family and Mr. and Mrs. Spikings of Chicago, Sunday for dinner. Ralph Briggs who enjoyed an eleven day leave from his duties in Washington, entertained twelve friends at a lovely dinner party given by his mother, Tuesday evening.

Lois Manz was hostess to fourteen friends New Year's eve at a merry New Year's eve party, the guests enjoyed dancing and later went out for a turkey dinner.

Mr. and Mrs. Cizek entertained Mr. Cizek's family from Chicago, Sunday, for dinner.

Mr. and Mrs. V. Pecchia had a dinner party of twenty-six guests Sunday, friends and relatives from Chicago.

Mrs. Geffert had a family reunion on New Year's day, and a fine family dinner.

Bob Briggs had Chad Pierce of Earlville, as a holiday guest.

Mr. and Mrs. H. Glave and family spent New Year's day with Mrs. Glave's brother and family at Brookfield. They drove to Joliet Sunday to visit Mr. Glave's parents.

Mr. and Mrs. Carlton Smith had Mrs. Smith's brother and wife, Mr. and Mrs. C. Schmidt of the South Shore for holiday guests.

Mr. and Mrs. Walter Karstens entertained Mr. and Mrs. Elmer Karstens and Mr. and Mrs. Albert Kehe, for dinner Sunday.

George Hauff and Dorothy Helm, Earl Schmidts and Ralph Briggs, spent New Year's Eve at a party in Chicago with friends.

Several couples from Arlington Heights joined a party of friends, for a New Year's celebration, in the Legion house in Mt. Prospect, where they enjoyed dancing and games.

Annabel Johnson spent Christmas week-end with friends in La-Grange.

Mr. L. Hill and Mrs. J. Jones of Wayne, Michigan, were week-end guests of Mr. and Mrs. A. H. Hill.

Mr. and Mrs. A. Reector, Jr., entertained Mr. and Mrs. Treleven and children and Mrs. Baur of Oak Park for New Year's dinner.

Mrs. Walter Karstens entertained a few friends at contract bridge during the Christmas season and served a lovely luncheon. Mrs. Miles Burpee was high at bridge.

Dr. Walter Militzer has returned to Lincoln, Nebraska, this week-end after spending his Christmas vacation with his parents, the Theodore Militzers. He will resume his work as instructor in chemistry in the University of Nebraska.

Mr. and Mrs. Gamill spent New Year's Eve with a party of friends in Park Ridge.

Mr. and Mrs. Stanley Wilkins entertained a group of their friends on New Year's Eve.

Mrs. Milton Daniels entertained a few friends at a dessert luncheon last Wednesday. The afternoon was spent playing contract bridge.

### Legion Auxiliary Notes

Tuesday, Jan. 4, Unit No. 208 held its regular monthly business meeting at the home of Mrs. Victor Pecchia. Gathered around another gorgeous Christmas tree that had shed a needle, the unit discussed an afternoon card party that is to take place at the Presbyterian hall on Wednesday, Jan. 12. A dessert luncheon will be served at one thirty and there will be door and table prizes. All are cordially invited to be present. The tickets are 35c. After adjournment a delicious luncheon was served on a gaily decorated table.

The Cook County Council will hold a meeting in the Red room at the Hotel La Salle Jan. 7.

### Club Calendar

Friday, Jan. 12, American Auxiliary Legion card party.

Jan. 14, Presbyterian Men's club dinner and program, 6:30.

Jan. 26, Dessert luncheon and style show given by the Fidelis Circle of the Methodist church.

Jan. 13, O. E. S. stated meeting.

### Commentator Talks On Current Topics At Woman's Club

Mrs. Gertrude Lieber, who is well and favorably known among clubs of this district as a commentator on current topics, spoke before members of the Arlington Heights Woman's club Wednesday afternoon, at the Methodist church.

Mrs. Lieber, who is a very able and entertaining speaker, brought before members of the club, many topics of current interest, both in foreign lands and the United States. It was a most interesting and timely talk; and was thoroughly enjoyed by all who heard it.

An added pleasure for the afternoon was a group of songs presented by Miss Claire Tellow. Miss Tellow possesses a contralto voice of fine quality, and is a young woman of great charm and personality. She was a finalist in the Chicago and music festival of 1937, and was highly spoken of by critics. She has just returned from a concert tour through the south, where she was greatly acclaimed. Miss Tellow presented a well chosen group of songs that were greatly appreciated by her audience.

Miss Tellow was well accompanied by Phillip Jorgensen, who is well known to the club.

Hostesses for the afternoon were Mrs. G. G. Bateman and Mrs. Charles McElhose.

P. T. A. To Hear Member of Federal Narcotic Squad

At the January meeting of the Parent Teacher association on Jan. 18, Mrs. Blanche Timmons, a member of the Federal Narcotic Squad and chairman of the committee on Moron Investigation, will speak on the subject, "Removing Social Evils." The Parent-Teacher Bulletin states that after a year's study of this subject up and down the state of Illinois by a P. T. A. committee, it is apparent that there is a need of curriculum material on the effects of alcohol and other narcotics, for youth and parent groups and a plan for using this material. Mrs. Timmons is considered an outstanding authority on this subject, and comes highly recommended.

Fidelis Circle of the Methodist church will meet at the home of Mrs. Charles Emmett on So. Walnut, next Tuesday evening, instead of the home of Mrs. Atkinson. Mrs. T. H. Grose will assist Mrs. Emmett.

### Friendly Class To Hear Talk On Interior Decorating

Miss Mabel Warfield, a professional lecturer on art, design, and decoration, who is employed by Mandel Brothers, will speak at the Friendly Class, Tuesday, Jan. 11. Miss Warfield is a graduate of the Academy of Fine Arts in Chicago and has studied at the Art Institute as well. She began her career as a Mural Painter, later she entered the decorating field, as an assistant to her mother, who was an interior decorator of outstanding ability. She has had ten years of experience in three of the largest stores of the middle west and has been an instructor of design in Los Angeles, and a lecturer here in Chicago. Her topic will be "Your Charm and Your Home." The meeting will be held at the usual time and all members are urged to come out to hear Miss Warfield.

### Garden Club To Hear Park Superintendent Of Oak Park

The Arlington Heights Garden club wishes to announce another interesting feature of its activities at its January meeting when Mr. Gustaf A. Lindberg, secretary and superintendent of the Park District of Oak Park, will present colored slides showing methods and effects of landscaping and beautifying gardens, lawns and park districts.

Mr. Lindberg's activities have added materially to the beautifying of Oak Park where a landscaped park or playground exists within a half mile of every residence within the village. These attractive settings have been made possible, as a result of Mr. Lindberg's supervision in co-operation with the village officials and the park board.

It is very fitting that a lecture of this kind be presented in Arlington Heights and no doubt some feasible plans will be presented that might be worked out and followed toward improving the appearance of our City of Good Neighbors.

The meeting has been changed from the regular Wednesday to Tuesday, January 11, and a cordial invitation is extended to all who are interested to meet with the Garden club at the Village hall at 8 p. m.

### St. James Dance

The St. James Young People's club are holding their first dance of the new year Wednesday evening, Jan. 19, at St. James hall. The club expects to continue with another dance two weeks later.

## Arlington Local News

Mr. and Mrs. Ernest D. Laufer and the children, returned to their home in Gallipolis, Ohio, Saturday night after spending the holiday week visiting relatives here in Arlington Heights. Dorothy and David had not been back to their old home town since they moved to Ohio four years ago, and they were naturally much interested in seeing the sights around here and in Chicago.

The Ever Ready club will meet Tuesday with Mrs. Chas. McElhose to resume their usual social program and plan for future helpful meetings.

Presbyterian Aid Society will meet Thursday, Jan. 6, first meeting of new year.

Members of Corephelia society of M. E. church met Monday evening with Mrs. Jos. Morici, Vail apartments with the usual program of business, social and refreshments.

Lewis Helm, having a little leisure after the holiday season, planned to visit friends at Eureka. He started early Tuesday morning in his "shaft" to spend a few days with classmates and other friends of his alma mater, Eureka College.

Mrs. Wahl and son, John, from Chicago, visited her son, Edw. Wahl Sunday, to wish him and his wife many returns of their wedding anniversary.

Christmas Eve Mr. Wm. Guild and Mrs. S. C. Hodgins were made happy by a visit from Mr. and Mrs. Arthur Jenkinson, of Park Ridge, who came to bring holiday cheer to her father and her aunt.

Mr. and Mrs. Fred Geiscke had greetings from their son, Earl, in Arizona, that he was on his way to spend the holiday vacation with friends in California, where he studied and worked last year.

Mr. and Mrs. Aug. Wilke and Mr. and Mrs. Fred Rascher went to Chicago last of the week to visit their sister, Mrs. Hitzeman, who is seriously ill.

Mrs. H. C. Cleveland went to Beloit one day during the holidays to visit her friend, Mrs. Ballard.

Mrs. Elizabeth Guild spent Jan. 1, with Mr. and Mrs. Bruce Guild at Park Ridge, where her three grandchildren always give her a warm welcome.

Mrs. Crawford and sister, Mrs. McKinley of Chicago, were guests of Mr. and Mrs. G. Rex Volz over Christmas. They came in time to help Ann celebrate her birthday, Dec. 23.

Mrs. Susan Dobbins had a busy happy holiday season. Beside her children and grandchildren in this vicinity, her daughters, Mrs. Irving Melzer from Milford, Michigan and Mrs. E. Smart from Overton, Texas, came to join in cheering her and they all had a fine time.

Mr. and Mrs. Wm. Wilke entertained a family party New Year's day, a sort of Wilke family reunion, after a year of anxiety because of illness of father and sister.

Mr. and Mrs. Elmer Crane were hosts to the Crane relatives, Mr. and Mrs. L. L. Crane, daughter, Miss Doris, Mr. and Mrs. Clifford Crane, Mr. and Mrs. Hastings, Mr. and Mrs. Fink, also Mr. and Mrs. Geo. Hughes and Miss Mildred Thurber.

Mr. McCullom and son with his mother-in-law from Mundelein, were in town calling on former neighbors first of the week.

Mr. L. G. Helm writes from California that the friends out in the land of sunshine are well and enjoying the holiday events. Mr. Helm, with his son, Fred, and family, entertained Mrs. Olive Allison and her sister, Mrs. S. House, New Year's day.

Mr. and Mrs. Edw. Fritz went to Pon Du Lac and spent the holiday with his mother and sister.

Mrs. B. B. Castle and Winchester went to Barrington and were guests of their friend, Mrs. Brockway and son, during holiday time—a happy day for all.

Mr. and Mrs. Wm. Schubert and three sons, spent New Year's day with his mother in Chicago.

Mr. and Mrs. Raymond Wilke entertained her parents, Mr. and Mrs. Thorp of Barrington, Jan. 1.

Mrs. Jos. Melzer entertained Mrs. Irving Melzer from Michigan and Mrs. Geo. Dobbins, one day during the holiday time.

Dr. and Mrs. E. A. Elfeld entertained the usual group of friends in their home, New Year's Eve.

Mr. Henry Martens and daughters were guests New Year's of their relatives, Mr. and Mrs. Kribs, in the city.

Mr. and Mrs. Anton Horcher and family went to Buffalo Grove to enjoy new year with his mother and brother in the old family home.

Mr. and Mrs. Clifford Crane with his parents, the L. L. Cranes and his sisters and brother, Elmer and wife, spent New Year's Eve in the city as guests of Mr. and Mrs. Peterson, parents of Mrs. Clifford Crane.

Mr. and Mrs. H. C. Cleveland spent Jan. 1 with their son, Prof. Cleveland and family in Bloomington, Indiana.

Miss Henry from Kenosha was a week-end guest of the G. Rex Volz family, N. Belmont avenue.

Mr. and Mrs. Chas. O. Petterson and Miss Marion visited relatives, the Kamperts in Barrington, Sunday.

Mr. and Mrs. Oscar Hinrichs are the proud and happy parents of a baby boy, born Jan. 5, at West Suburban Hospital. Mother and son are doing nicely.

The Northwest Grove 202 of Chicago of the Supreme Forest Woodmen Circle, has elected their new officers for 1938. Two members of Arlington Heights which have been in there a year were chosen, Ellyn Van Steen of 737 N. State road, was re-elected last year and has been re-elected, Mabelle Schroeder, 113 Eastman, has been elected guardian.

George Harper returned from Bristol, Virginia, Tuesday where he has been spending his vacation from school, visiting his parents. He lives with his aunt, Mrs. James McElhose.

James Cameron celebrated his ninth birthday by having several of his friends in for a party. Clifford Grout, one of James' guests, was also nine years old on Jan. 4, so it was a double celebration.

Miss Laura McElhose held open house for her friends on New Year's Eve, the time was spent playing cards.

Miss Henriette Klehm returned first of the week to her school duties at the Wittenburg school, after a holiday vacation of ten days.

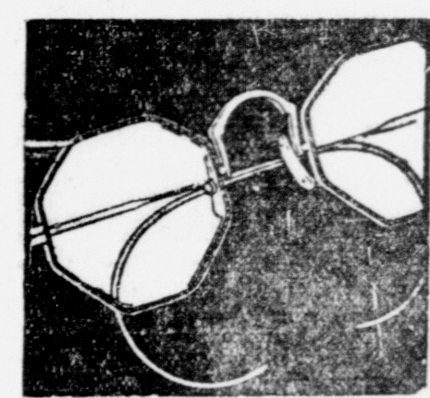

Mrs. Rene McNeil spent New Year's in the city with her daughter and son and family.

# Puffer Wins New Honor

## Elected President of Illinois Association of County School Officials

Noble J. Puffer, Cook County Superintendent of Schools, was elected president of the Illinois Association of County School Superintendents at a meeting held in Springfield, Monday. The gathering of the county school officials of the state was followed Monday evening and all day Tuesday by the annual meeting of the Illinois Educational Association when many important matters relative to education in the state were discussed and resolutions adopted.

Mr. Puffer's election was a surprise to him, but not unexpected in state circles as the Cook county superintendent has taken a lead-

ing part in a number of movements for better educational advantages in Illinois. He has made a number of trips to Springfield in the interest of increased aid for local school districts from the state funds and has otherwise demonstrated his leadership in school matters.

While the state association of county school superintendents has only advisory powers, out of that group has come a large number of constructive school legislation that has been enacted into laws by the legislature.

Among the resolutions adopted by the Illinois Educational Association, which received the strong backing of the county superintendent's group was standard minimum requirements for elementary school teachers hereafter requiring four years training, following a high school education. This means that every teacher in an elementary school must have a college degree or its equal in educational work.

The County Superintendents went on record as favoring a state board of education, divorced from politics, which would have advisory powers over the entire state school system.

# CHURCHES

## THE LUTHERAN CHURCH

**Pastors**  
C. M. Noack, 115 W. St. James; tel. 108-W.

Jan. 11 Friendly class.  
Jan. 14 Missionary society.  
Jan. 14 Mens club.

A cordial invitation is extended to all to worship with us.

## CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 2.

The Golden Text was, "Thy way, O God, is in the sanctuary: who is so great a God as our God? (Psalms 77:13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else" (Isaiah 45:22).

The Lesson-Sermon also included the following passages from the Christian Science Textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The starting-point of divine Science is that God, Spirit, is All-in-all, and that there is no other might nor Mind—that God is Love, and therefore He is divine Principle. To grasp the reality and order of being in its Science, you must begin by reading and there is none else" (Isaiah 45:22).

The Lesson-Sermon also included the following passages from the Christian Science Textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The starting-point of divine Science is that God, Spirit, is All-in-all, and that there is no other might nor Mind—that God is Love, and therefore He is divine Principle. To grasp the reality and order of being in its Science, you must begin by reading and there is none else" (Isaiah 45:22).

The Lesson-Sermon also included the following passages from the Christian Science Textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The starting-point of divine Science is that God, Spirit, is All-in-all, and that there is no other might nor Mind—that God is Love, and therefore He is divine Principle. To grasp the reality and order of being in its Science, you must begin by reading and there is none else" (Isaiah 45:22).

To grasp the reality and order of being in its Science, you must begin by reading and there is none else" (Isaiah 45:22).

## El Rand To Celebrate Anniversary Of Busse Orchestra

Saturday evening, January 8, is to be a gala evening for patrons of El Rand. It was just one year ago that night when Gilbert Busse began their weekly appearances at this popular restaurant. The orchestra has played regularly the past twelve months.

## Bowling Notes

by HERB HAMMERL

The bowlers are sorry to hear that "Bill" Neumann had to submit to an appendicitis operation and we sincerely hope "Bill" has a speedy recovery so that he will soon be back in the Elevator lineup. The Elevator boys have also lost the services of "Caly" Cague who, I understand, has trouble with his hand, but even at that the Elevators succeeded in taking one game from the mighty Hamms. How about that "600" series Turf?

On 3 and 4 the El Rand boys were handed two games by Cafe due to the generosity of Wally Tesch, who was bowling anchor. Wally missed his spare in the last frame of the second and third game and Cafe lost by 7 and 4 pins. Tough luck, Wally.

On 5 and 6 Blatz took their old rivals, Krause Market, for two games even though "Dooley" got the only 600 series of the night. Remember Krause's, we still got our "Kingfish."

"Romo" Becker was bowling under a handicap, having hurt his left shoulder and was unable to lift his arm, so he was on Blatz's side.

**Team Standing**

|           | W. L. | Ave.   |

## Servants Take \$300 Of Clothes; Employers Away Over Holidays

When Mr. and Mrs. Jevne Haugen, Palatine road, Arlington Heights, returned home last week from the Christmas holidays spent with friends, they discovered that about \$300 worth of clothes had disappeared along with their two servants, Mr. and Mrs. John Timmons.

Checking up on the whereabouts of the household employees, it was revealed that the pair had taken a train from Palatine Christmas eve, the very day that the Haugens had left their home. Articles missing are a fur jacket, a spring overcoat, dresses and women's apparel and luggage.

## Palatine Lions, Cast of "Crazy Show" Appear In Magazine

The whole world will know now about that Lions Crazy show of Palatine and what sort of a gang put it on.

In the current issue of the Lion magazine, there is a picture of the cast of the Crazy show that takes up the bottom of a whole page and a nice item about the show.

Also in the current Lions magazine is a very timely and interesting article by Noble J. Puffer, Palatine Lion and County Supt. of Schools on "Educating Youth for the Problems of Life."

Palatine and the Lions club receive a fine recognition in this issue which will convey to the Lions clubs everywhere, the news of what Palatine Lions are doing.

## FRIENDS, NEW AND OLD CUSTOMERS, I THANK YOU

Through the holiday season, you responded beautifully, morning, noon, and night. You visited my barber shop, 17 S. Dunton avenue, I having knowledge and years of experience in cutting hair and shaving, knew just the style you wanted to appear in public, and meet your friends in the Yuletide season. It is my fervent hope that the New Year will be joyous and successful to all of you.

Frank White.

## Sugar Cane From Canary Islands

Sugar cane, an important American crop, was introduced to the New World early in the sixteenth century from the Canary islands.

# Flynn Reports Year's Work As Clerk Of The County Court

by RAYMOND T. O'KEEFE, JR.

Clerk of the County Court Michael J. Flynn announced today that there were 19,524 pages written in law record during the year 1937. It is estimated that this total covered about 5,000 cases on trial during the year, as some of the cases require two or three pages.

There were 3,257 pages of Special Assessment Record covering special assessments in cities and villages.

A total of 1162 orders in election matters such as appointing judges and clerks and filing of abstracts.

There were 450 general orders in the Lunatic Records, this includes just general orders in particular cases.

There were 4,321 warrants issued to bring in lunatic patients.

Lunatic petitions which are petitions to commit patients to the psychopathic hospital totaled 5,120.

935 orders were entered restoring insane persons to their civil rights.

The record of orders entered in inheritance tax cases totaled 6,459.

The record of inheritance tax receipts, wherein they record a receipt that the tax is paid, totaled 594.

Objections to judgment of sale for 1935 general tax totaled 1,680. The total number of individual parcels totaled 105,326.

There were 250 feeble-minded cases filed, and 65 epileptic cases filed.

Approximately 8,000 entries were made in the law docket including dispositions and other documents.

Five thousand commissions were issued to judges and clerks.

There were 45,367 orders in tax judgments. This figure is below last year's total because of the fact the 1935 and 1936 cases are still pending.

There were approximately 10,000 Lunatic Docket entries.

The Bond Records totaled 181 pages. These are photographs of bonds which were filed in the various cases in the County Court.

Petitions by the state's attorney for a receiver to collect delinquent taxes totaled 350.

The number of petitions for the adoption of children totaled 1,123, and 298 common law cases were filed.

There were 640 pages written in the contempt record which involved election fraud cases.

## It Is Income Tax Time Again

Mr. Carter H. Harrison, Collector of Internal Revenue, First District of Illinois, announces that blank forms for 1937 income taxes will be released January 5, 1938.

These blanks will be mailed to all income taxpayers of record for the previous year and others may be obtained on application at the office of the Collector of Internal Revenue, U. S. Court House, Chicago, or from Deputy Collectors stationed outside of Cook county.

Taxpayers are reminded to read carefully the enclosures which are going forward with the blanks this year. To do so will simplify their problems very much and assist in more expeditious handling by the Collector's office.

## Miss Crofoot Is California Bride In Evening Rites

Miss Doris E. Crofoot, granddaughter of Mrs. J. B. Crofoot, of Arlington Heights became the bride of Dean Krebs of Downey, California, in an evening ceremony at Santa Ana, California, December 21.

Miss Crofoot is a graduate of the Arlington Heights high school and attended Eureka college in Illinois for two years, later enrolling at Whittier college, Whittier, California, where she was graduated last June. Mr. Krebs, who also graduated with the 1937 class at Whittier, and his bride were both active in college activities, especially in glee club and chapel choir projects.

The Santa Ana Register in reporting the wedding said in part: Santa Ana Register, Dec. 22, 1937—"White chrysanthemums and cathedral tapers formed a lovely setting in First Methodist Episcopal Church last night for the marriage of Miss Doris Elaine Crofoot, daughter of Mrs. Elisha Crofoot, 695 North Batavia street, Orange, and Dean Krebs of Mr. and Mrs. M. S. Krebs of Downey.

The Rev. Arthur T. Hobson, pastor of Orange Methodist church, read the 8 o'clock ceremony. The bride, charming in her white satin gown with lace yoke, approached the altar with her mother, who gave her in marriage. Miss Crofoot's finger-tip veil fell from a lace cap. Her flowers were gardenias, white sweet peas and lilies of the valley. The "something old" was a lace handkerchief which her mother had carried as a bride years ago; the "something borrowed," a gold locket with tiny pearls set in the chain, a gift from her father to her mother just before their marriage.

The bridegroom's sister, Miss Faye Krebs as maid of honor, wore ashes of roses lace with gold flowers in her hair. Her bouquet was of autumn roses and lavender sweet peas. Alan Mendenhall of Whittier was best man. Ushers were Burton Parminter and Philip Ackerman, both of Long Beach.

Miss Marion Nelson of Newport Heights played wedding music as guests gathered in the chapel. Also she accompanied Frank Pursell of Whittier college music department as he sang "I Love Thee" and "O Perfect Love."

Members of the wedding party and a few close friends assembled at Danagers where ice, individual cakes and wedding cake were served. S's of fruit cake were given each guest.

Mrs. Crofoot wore royal blue pebble crepe girdled with rhinestones and a gardenia corsage bouquet. Mrs. Krebs was gowned in black silk crepe with gardenias.

When the new Mr. and Mrs. Krebs left for their honeymoon trip, the bride was wearing a black wool crepe dress suit with a short grey coat, black accessories and a gardenia corsage bouquet.

On their return from their honeymoon, the bridal couple will reside in Orange.

## Onion Men To Get AAA Contract

### Shippers, Growers Air Price Grievances At South Holland Meeting

Onion set growers of the lower Lake Michigan region, plagued with prices far below production costs, moved nearer a possible solution of their problem through a marketing agreement and order for shippers in a two-day hearing, Dec. 28 and 29, South Holland, Cook county, Illinois, according to the Illinois Agricultural Association.

The proposed program was developed by an industry committee and the hearing was requested by a large proportion of the shippers and growers. Contracts, based on testimony taken at the hearing, will be submitted to growers for signing at a later date, possibly in January, says Banks Collings of the general crops section of the AAA.

The hearing, attended by more than 400 growers from Illinois, Indiana and Wisconsin, was conducted by representatives of the U. S. Department of Agriculture and the Agricultural Adjustment Administration.

The program which the proposed agreement and order would make possible is designed to assist the industry in adjusting the shipment of grades and sizes of onion sets shipped out of the producing area in order better to meet market requirements. This action could be taken when necessary to meet adverse conditions brought about by large supplies and low prices.

## Farmers To Hold State-Wide Meet On Government

The farmers' interest in township, county and state government will be one of the principal subjects considered at a state-wide conference of Illinois farmers in Springfield, Jan. 27, 1938, reports the Illinois Agricultural Association.

The Public Relations Conference is one of the annual features at the convention of the IAA and affiliated organizations. There will be a three-day meeting, Jan. 26-27-28. Other conferences will be held to discuss pending federal farm legislation, marketing, soil improvement, and organization problems.

Among the local and state government matters of chief interest to farmers are taxes, unemployment relief, school legislation, and rural crime prevention. How to stop the devastation of farm property values by ruthless strip coal mining which leaves great piles of earth in mountain-like ridges to disfigure the landscape and spoil the community for home sites is another subject that is bound to get consideration.

In western Illinois farmers are aroused over strip mining operations which are ruining more and more land later to be abandoned. Farmers contend that such mines ruin the land for future tax purposes and throw more and more of the tax burden on remaining farms.

## Spiritual Devotions In Home Urged By Dr. Walter A Maier

St. Louis, Jan. 2.—The disintegration of many American churches is throwing the responsibility of religious training back to the home, Dr. Walter A. Maier asserted today in his coast-to-coast Lutheran Hour broadcast.

"We throw up our hands in horror," Dr. Maier said, "when we read of Herod's massacre of the Bethlehem children; yet far greater is the murder of American children. Each year a million and a half are killed before they are born and many millions of the nation's youth are murdered morally and spiritually through the avarice of commercialized sin, ignorance concerning the human soul and the destructive influence of their own parents."

"What good are high and stately churches if their messages are counteracted by irreligion and indifference in the home. The church-going population, including haphazard attendance, represents about one-half of the people of our country, who spend on the average less than one of the hundred and eight hours of each week in the church. The 'Mighty Revival' of which we are now hearing and reading must start within the home if it is to have the hope of widespread blessing."

Asserting that too often American fathers and mothers are preoccupied and unprepared to instruct their own children, Dr. Maier said, they try to ease their conscience by transferring this duty to the teachers in the grammar schools and Sunday schools. He described the home as the line of last defense and recommended increased Bible reading and family prayer as the most effective means of strengthening individual and national morale.

Buildings Must Offer Parking Space For Patrons, Employees

City ordinances that promise at least a beginning to the major task of solving parking difficulties were reported by J. H. Braun, general counsel of the Chicago Motor club.

"In Riverside," Mr. Braun said, "an ordinance has been adopted which requires that every building erected for moving pictures or other public entertainment must provide 200 square feet of parking space for every 6 seats in the building."

"A further requirement in this ordinance is that a parking space must be at one side of the building or not more than 4 feet away."

"In a zoning ordinance of broader coverage adopted in 1936 by DuPage county, there is a requirement that the claims procedure has been simplified so that it is not necessary to hire an outside agent. All assistance necessary may be obtained at any office of the Social Security Board."

"Despite the notion to the contrary, persons past 65 who are working or intend to work should have an account number. This is to be used in connection with unemployment compensation."

For the convenience of those who wish to make a change in their application for an account number, Mr. McCarthy announced that a new form has been prepared. This form is similar to the employee's original application except that it contains space for changes in the name and date of birth.

When an employee reaches 65 or dies, Mr. McCarthy urged that employers submit the wage records to the Board as quickly as possible in order that the employee or his family may receive the money when it is most needed.

Ancient Egypt's Writing

Three forms of writing were used in ancient Egypt—the hieroglyphic, or priestly, writing, consisting of pictures to represent ideas; the so-called hieratic, an abbreviated form of the hieroglyphic, used by the priests for writing manuscripts, and the demotic, or popular script, which came into use very late.

## Cyclists Without Lights Cause of Auto Accident

Three cyclists driving along Talcott road, near Touhy avenue, were responsible for a collision in which two were injured Saturday evening.

While driving north on Talcott road, John Roth, Jr., 1204 Canfield road, Park Ridge, suddenly came upon the bicycles of three youths who were riding without lights. Swerving to avoid them, he upset one and veered across the pavement to collide with the car of Oscar A. Tryon, 6530 Oliphant avenue, Chicago.

Mrs. Julia Bilger, 6615 Oliphant, Chicago, riding with Tryon, suffered cuts and bruises about the face and a possible fractured nose in the accident. Wesley Davis, 13 years old, 1313 Willow street, Des Plaines, incurred a bruised knee when his wheel was upset.

Raymond, 14, and Arnold, 16, Wolfram, 1464 Prairie avenue, Des Plaines, were the other cyclists.

## Cow of Palatine Farmer Wins Milking Record

A new record, exceeding the average of the Guernsey breed for her age and class has just been completed by an eight year old cow, Meadow-Gold Roxy 274420 of Palatine, tested and owned by C. D. De Barry. Her official record supervised by the University of Illinois and announced by the American Guernsey Cattle Club is 9470.8 pounds of milk and 462.5 pounds of butter fat in class AAA.

# Libertyville To Meet Cardinals On Arlington's Court; Bensenville Host To Palatine Pirates Friday Night

## Conference Teams Choose Rivals After Holiday Rest

### GAMES FRIDAY

Palatine at Bensenville.  
Libertyville at Arlington.  
Leyden at Lake Forest.  
Ela at Barrington.  
Antioch at Grant.  
Wauconda at Warren.  
Niles Center open.

### by GERALD A. McELROY

After more than a two weeks lay off for the Christmas holidays the cage teams of the Northwest conference will again swing into action this Friday, January 7th with six games on the schedule. The card for this Friday is an attractive one with nearly every game bringing together schools which are traditional rivals. However, in nearly all cases the schools which meet are not near each other in the conference standings.

The card for Friday finds Arlington entertaining Libertyville, Lake Forest host to Leyden, Palatine traveling to Bensenville, Ela at Barrington, Antioch trekking to Grant, and Wauconda playing at Warren. Niles Center's conference lead is safe as Isaacson's boys have an open date.

In most cases the home team in Friday's encounters is judged the under dog and the home advantage should thus even things to the extent of bringing about some lively competition with upsets not at all improbable.

### Libertyville at Arlington

Arlington has lost three close games in a row since beating Barrington and may be about due to crash into the win column again. However, the Cards have lost to two teams using zone defenses and all be up against another one Friday when they face Libertyville. The Wildcats have won two out of three but have had a lay off of three weeks due to an open date just before Christmas. Weak basket shooting has handicapped the Cardinals to date.

### Leyden at Lake Forest

Lake Forest has started the season with two defeats at the hands of Warren and Libertyville and is up against an even tougher opponent in Watson's high scoring Eagles. It looks like a twin defeat for the "Gold Coasters" but that big floor the Lakers play on may change the situation. Since losing to Niles the Leyden five has hit a fast pace averaging 55 points a game. Leyden will depend on Nelson, Wilford and Zuperko to outscore the Lakers who have only been from last year's champ team. Last year Leyden was the only team to trip Lake Forest.

### Ela at Barrington

Ela will probably add another victory to her growing list but seems due to meet some tough opposition in the improved Bronchos. If Barrington can slow up the Ela fast break they may make it tough for Wesner's five. However the combination of the Gleason brothers, Schroeder and Leuthesser appears to have so much more scoring punch than Clinger, Rice, Grabenhorst, and Watson that a victory for Barrington would be the big upset of the season.

### Palatine at Bensenville

With spirits revived by a victory over Arlington's Cardinals, the Bensenville five will undoubtedly give Palatine a great battle Friday. Bensenville has scoring punch but until recently has not been very successful in silencing their opponents' shooters. Palatine beat Bensenville early in November in a pair of practice double headers but the situation has changed since then and the dope calls for a close battle.

### Antioch at Grant

Antioch probably rates a stronger team but Grant is a tough team on the home court with a good zone defense as her principal threat. Both teams have played but two games. Grant won both games with Wauconda and Bensenville. Antioch beat Wauconda but lost to Niles Center. This game is a toss up.

### Wauconda at Warren

The edge goes to Warren playing on her home court. Wauconda has been threatening to break into victory row and has a much improved team over last year, particularly in pass work. Coach Herrmann's team is handicapped by lack of height. Last year one of Wauconda's two victories was at Warren. However, Warren's team is a veteran aggregation and has shown a good deal of strength in its games so far. This game and the Antioch-Grant contest are the hardest to predict.

### Frozen Lace

Architecture was first called "lace frozen into stone" by travelers who first saw the exquisite Gothic canopies of the choir screen in Chartres cathedral, fifty-four miles from Paris.

## 'Mac' Looks At 1937 Sports And Says...

### Track Makes Best Showing In 1937

by GERALD A. McELROY

With the new year in sports about to get under way it is interesting to look back and briefly review what has happened during 1937 in the athletics of the Northwest conference. One of the significant trends of the year was the increased attendance at all athletic contests. Both the Palatine relays and the Northwest conference track meet held at Leyden showed a good margin of profit for the first time since these meets have been held. Basketball attendance this past December has been far in excess of the previous year. Football drew larger crowds this fall than for several seasons.

During the year passed the membership of the conference was increased to 13 by the addition of Niles Center a school of 475 students. Niles since entering the league has won all four of her basketball games but failed to score a victory in football.

### Lake Forest Wins Cage Title

When the cage season closed in the late winter of 1937 Lake Forest stood at the head of the list among the heavyweights with but one defeat. This was suffered at the hands of Leyden who finished second with two losses. These defeats were handed the Eagles by Palatine and Ela. Ela was third with three defeats administered by Lake Forest, Palatine and Antioch. Libertyville, Arlington, Barrington and Palatine tied for fourth with seven wins and four losses.

### Bison Lights Undefeated

In the lightweight division Bensenville made a clean sweep of 11 games with a fine team composed of such outstanding players as Esch, Baumgartner, Hills and Kuzmanoff. Arlington with one loss and Libertyville with two were in the race all the way until defeated by the Bisons. The Tornadoes of Arlington beat Libertyville for second place.

### Poor Tournament Record

In the state district tournaments Leyden and Bensenville were eliminated at West Chicago and Ela lost to Hebron and Palatine to McHenry at Palatine. The district meet, at Wauconda found Grant, Warren, Antioch, Northbrook and Wauconda competing, with Antioch the tourney champ.

### Win at Oak Park Relays

The conference track season found Libertyville and Arlington dominating the situation as usual. Richards of Arlington and Ray of Libertyville won the low hurdles and high jump respectively at the Oak Park indoor relays before most of the conference schools had been able to have any outdoor practice.

### Cardinals Win Palatine Meet

Arlington captured the Fifth Annual Palatine Relays held the last week in April by noosing out a strong Libertyville team 52-51. Ray, Tatge and Vlink were individuals who stood out for the Wildcats. Richards was Arlington's best man, though Mills' victory in the mile was the turning point of the meet. Fourteen schools, the largest entry in the five years, took part in the meet which was run under the worst possible conditions of both weather and track due to an all night and all morning rain. In spite of this the meet record in the high hurdles and the medley relay were broken.

### Five Qualify for State Meet

From the district meet at Evans-ton five conference athletes qualified for the state finals. Richards was a winner in low and high hurdles for Arlington. Cadwallar took second in the shot for Barrington. Koch won the district title in the discus throw for Palatine. Ray won the high and broad jumps and Vlink took second in the discus for Libertyville.

### Ray Places at Champaign

In the state meet Ray won fourth in the high jump with six feet one inch and Richards got into the finals in the high hurdles but had the misfortune to trip on a hurdle and failed to place. This was a bad break, as Richards, from a conservative estimate, would have been no less than a third place winner but for this accident.

### Cards Cop Track Title

The conference track meet, held at Leyden on May 24 under ideal conditions, found Arlington the winner with Libertyville second, Grant third, and Palatine fourth. Arlington and Libertyville dominated the meet and had men capable of placing nearly every event on the card.

| Niles Center | 1  | 3  | .250  |
| Warren       | 0  | 3  | .000  |
| Bensenville  | 0  | 4  | .000  |

### Ela Sweeps Diamond Schedule

In the conference baseball league Ela won undisputed first place by winning all her games. The battery of Schroeder on the mound and Leuthesser behind the bat was invincible. Ela won several shut outs. It was the second year in a row that Ela had finished on top, having tied with Lake Forest in 1936.

### Three Way Grid Race

Turning to football in the fall of '37 we find a three cornered fight for the top position. Lake Forest, playing every school in the league, won six while losing one. Warren won five and lost one, while Arlington had four victories and a single defeat. The fact that Arlington beat Lake Forest who in turn trimmed Warren would appear to prove Arlington's claim to first place. From another line of reasoning we might consider the fact that both Warren and Lake Forest trimmed Leyden who turned around and handed the Cardinals their lone set back.

### Wauconda Tops In Softball

Wauconda, Palatine, Bensenville, and Northbrook playing a round robin home and home series of soft ball games to take up the slack before starting basketball, finished in the order named. Wauconda lost one game to Palatine. Palatine lost one to Wauconda and one to Bensenville.

### Four Lead In Cage Race

Up to the end of December 1937, the conference race in basketball finds Ela and Niles Center leading the heavyweights with Leyden and Palatine the leading undefeated lightweights.

### Track Best Sport of the Year

Summing up the year it is our opinion that the best showing of the year by the conference was in track. Football in our opinion would rank second while we would have to rate basketball last due to the poor showing of all the conference schools except Lake Forest in tournament competition with outside schools.

### Wheeling Aces Defeat Des Plaines Independents

Wheeling Aces swamped the Des Plaines Independents 57 to 41, Sunday, in the new Wheeling gym. The Aces, with new kelly green suits, looked like fighting Irishmen and had the Independents at their mercy at all stages of the game.

A. Bucher of the Aces, collected 9 field goals and two free throws to the Riley of the Independents for high scoring.

### Wheeling

|              | B  | F | P  |

|           | 19 | 3 | 41 |

### FROSTBITTEN? WHAT TO DO

Few common ailments are so generally mistreated as frozen ears and fingers, says the Illinois Agricultural Association Department of Safety. Physicians experienced in treating frostbite, advise against vigorous rubbing of frozen parts. They say to: Gently cover the frozen part with the hand until it is thawed out, and avoid very warm rooms until circulation has been restored. Frozen flesh like frozen cloth, is easily broken and torn—treat it accordingly.

## Scores 63 Points In One Game!

GLANZ DIERKING

of the Trinity Roselle basketball team who scored 30 field goals and 3 free throws for 63 points in their game against River Grove December 19 in which Roselle won 89 to 30, setting a new record in the Lutheran basketball league.

As the leading scorer, Dierking has a record for eight games this season of 167 points on 79 goals and 9 free throws for an average of 20.8 points per game. He is also a member of the Tigra A. C. independents of Bensenville, a team which plays in the DuPage county league. Champions in 1932 and 1934 and runner up in the 1935 game, they are now leading the nine teams who play at Wheaton. His brother, H. Dierking, is also a member of both teams and "is a much better player than I am," according to Glanz himself.

Dierking formerly lived in Roselle and now resides in Bensenville. He never saw a basketball game until he entered Bensenville community high school and played on the 29-30 lightweights and the 30-31 heavies under Coach W. A. Johnson.

## Lions Hold Bowling Tournament

### Palatine, Mt. Prospect Clubs Take Honors At Park Ridge Alleys

The roars and grunts coming from the south end of the Northwest Highway on Monday night were none other than emotional outbursts of wild Lions and their supporters. The place was Park Ridge and the occasion was the beginning of the inter-club bowling tournament of the Northwest Highway Lions club.

Palatine came away with high honors. Lion Clarence Collignon, now to that with his high series of 569. The keggers from Palatine took the maple maulers from Arlington Heights three straight games. While Palatine was coasting along to a comparatively easy victory, Des Plaines was working hard to overtake the hard-hitting pin splitters from Mount Prospect. The first and third game went to the Prospectors despite Dr. Schulze's high series of 570, but the second game went to Des Plaines.

These four clubs will bowl each Monday night on the Pickwick alleys at Park Ridge at seven o'clock, during January and February. The line-ups and scores follow:

### Palatine

|           |     |     |     |      |
|-----------|-----|-----|-----|------|
| LaLonde   | 157 | 141 | 132 | 430  |
| Schell    | 172 | 155 | 154 | 481  |
| Puffer    | 154 | 136 | 127 | 417  |
| Anderson  | 183 | 146 | 175 | 504  |
| Collignon | 185 | 180 | 194 | 569  |
|           | 851 | 758 | 782 | 2491 |

### Arlington Heights

|         |     |     |     |      |
|---------|-----|-----|-----|------|
| Dreyer  | 178 | 155 | 140 | 473  |

| Schulze | 193 | 183 | 194 | 570  |
|         | 757 | 799 | 795 | 2351 |

### Coughlin To Resume Radio Broadcasts

The Rev. Chas. E. Coughlin will again resume his radio broadcast which was made possible through the influence of Social Justice followers, and the approval of his superior. He will be heard over a National hookup, the local station being WJJD.

## Palatine, Arlington Luthers To Play Statistics Explain Why Palatine Is Best of Lutherans

by GERALD A. McELROY

The first half of the Lutheran basketball league closed with Palatine undefeated in eight games, but the statistics of offense and defense show the second place Arlington team with an edge of 24.8 points a game on the average against eight opponents. Arlington had only two close games, losing to Palatine by one point and winning from Itasca by two points. The rest were very one sided.

### Arlington Offense Leads

Arlington piled up 406 points in eight games for an average of 50.8 points a game. Roselle, led by G. Dierking the high scorer of the league, was second with an average of 45.5 points. Itasca was third with 39.7 and Palatine came fourth with 39.2. These were the only teams to score more points than their opponents.

### Palatine's Defense Best

Palatine's zone defense was the best in the league with a slight advantage over Arlington. Palatine held opponents to a total of 206 pts. for an average of 25.8 a game while Arlington's opponents made 208 for a 26 point average. Roselle ranked third with 29 and Des Plaines fourth with 35. Palatine's good defense enabled them to come through and win two one point victories and another by two points against their principal rivals.

### Many One Sided Games

Games as a rule were not very close only 10 being decided by a margin of five points or less. The highest total and the most one sided game was Roselle's 89-30 win over River Grove. In this game, G. Dierking set a league record with 63 points. Another had one was Arlington's count of 67-16 against Norwood Park. Low scores were Park Ridge's 11 to Arlington's 28.

### LUTHERAN LEAGUE SCORING STATISTICS (First Half Schedule)

|              | won | lost | pet   | TP  | Opp. | score | opp. | ave.  | margin |
|--------------|-----|------|-------|-----|------|-------|------|-------|--------|
| Palatine     | 8   | 0    | 1.000 | 314 | 206  | 39.2  | 25.8 | 33.4  | 37.8   |
| Arlington    | 7   | 1    | .875  | 306 | 208  | 50.8  | 26   | 24.8  | 24.8   |
| Roselle      | 5   | 3    | .625  | 364 | 232  | 45.5  | 29   | 16.5  | 16.5   |
| Itasca       | 5   | 3    | .625  | 317 | 287  | 39.7  | 35.9 | 3.8   | 3.8    |
| Des Plaines  | 4   | 4    | .500  | 268 | 280  | 33.5  | 35   | -1.5  | -1.5   |
| Park Ridge   | 3   | 5    | .375  | 218 | 293  | 27.3  | 36.7 | -9.4  | -9.4   |
| Glenview     | 2   | 6    | .250  | 216 | 303  | 27    | 37.9 | -10.9 | -10.9  |
| River Grove  | 1   | 7    | .125  | 265 | 378  | 33.1  | 47.3 | -14.2 | -14.2  |
| Norwood Park | 1   | 7    | .125  | 250 | 381  | 32.3  | 47.7 | -15.4 | -15.4  |

### NORTHWEST CONFERENCE CAGE STATISTICS

|               | won | lost | pet   |
|---------------|-----|------|-------|

## OUR POULTRY COLUMN

A. A. PALTZ

### Baby Chick Time

With the coming of the new year, the majority of poultry raisers turn their thoughts to the Baby Chick season. And where is the true poultry raiser who does not look forward with pleasure to the time when the first brood will be safely housed in its new home. No one scene in this business of poultry raising is more appealing than several hundred contented Baby Chicks "snug as a bug in a rug" in a well appointed brooder house.

And there is just as strong an appeal to the practical side of the matter. Each poultry raiser should consider the final results which he will obtain next fall from the Baby Chicks that he starts this spring. What Every Poultry Raiser Should Know About His 1938 Chicks. Two broods of chicks from different sources, may look pretty much alike as day-olds. Yet, as the chicks of each brood develop, one brood averages consistently better than the other in livability, growth, feathering and uniformity. And finally, the pullets of the better brood, do better in the laying house. Therefore, we must assume that the inherited qualities of the more profitable brood, are better.

Because, this is true, I have devoted this week's column to a summary of the various steps which must be taken if real all-around quality is to be put into Baby Chicks.

First, Pullorum Testing: In these

## Big Program Featured At Arlington Theater For This Week

Thursday and Friday brings Gladys George in "Madam X" at the Arlington Theater. There will be free china to the ladies on both nights.

One day only, Saturday, a big double feature. Feature Number one is "Forty Naughty Girls" with James Gleason and Zasu Pitts. RKO's laugh riot of the year. Feature Number two is William Boyd in "Hopalong Cassidy Rides Again."

Sunday and Monday, "Broadway Melodies of 1938," features Robert Taylor and Elinor Powell, the greatest of all Broadway melodies with George Murphy, Binnie Barnes, and Sophie Tucker. Along with this program, we have your favorite community singing, also bombing of the Panay. These are exclusive pictures brought to the Arlington theater. For real entertainment, be at the Arlington this week.

days every Baby Chick should be 100% from parent stock which has successfully passed the Pullorum Test or Bloodtest for B.W.D. In fact, the parent stock for several years back should have been blood-tested in order to eliminate the danger of pullorum disease. Second, Rigid Selection of Breeding Stock: There is much more to proper selection of breeding stock than is generally realized. I use the word "selection" in preference to the word "culling." A poor flock may have the poorest birds removed (culled) from it and still be only a mediocre breeding flock. On the other hand, proper selection means that each breeding bird has been selected on its own individual merits and only really fine birds are used for breeding purposes.

Third, Breeding Improvement: Breeding stock from which the chicks come, should have been improved for years with the direct bloodlines of a trapnested, pedigreed strain with a proven record for high livability and high egg production.

Fourth, Mating the Breeders: Considerable skill and experience are required to make up the matings properly. The sole aim of each mating is to produce chicks of improved quality and in order to do this the Baby Chicks producer must study each mating carefully to produce vigorous, uniform quality chicks with the correct breeding back of them.

Fifth, Selection of Eggs: Every egg used to produce your chicks should be individually selected for good shape, good size, good shell texture and correct shell color. Sixth, Strict Sanitation: Under no circumstances should chicks be purchased except from a hatcheryman or breeder who practices a strict program of sanitation before, during and after each hatch.

Seventh, Quality at Fair Prices: High quality must be established in the Baby Chicks first, regardless of expense. Then with quality established the prices should be the lowest possible for honest quality. Such chicks are more economical for every poultry raiser.

Eight, Reputation of the Hatcherymen back of your Chicks: Years of successful experience are necessary in order to produce chicks of improved all-around quality. Equally important, is a record of customer satisfaction which the chicks have built up. Old customers of a hatchery have learned by actual experience and they know why they prefer chicks from a certain hatcheryman. A little inquiry among several neighbors will usually uncover the reasons why some chicks average consistently better than others.

Some Hatcheries qualify on only a few of the above points. They claim to have high quality and they do so far as their quality goes, but the progressive poultry raiser will not be satisfied with 50% of the quality outlined above. He will seek out the hatchery which can qualify 100% on the above program. It is good all-around quality that counts in increasing the poultry income.

**Operation of Ohio Canals**  
In 1861 the management of the Ohio canals passed from the hands of the state to private hands through leases. And they remained so until 1877, when the state again assumed control, after the private interests found these waterways too expensive to operate.

## State Capital Sidelights

If, as many contend, death and taxes are the only inescapable factors of a well-ordered life, taxes become a prime element in a New Year preview; since death, like hunger, is not debatable.

Reliable estimates are that the total American tax bill for 1938—federal, state, local, combined—will exceed thirteen billions of dollars. The estimated population of the United States is 130,000,000 men, women and children. Averaged, this forecast means that every American, regardless of age, will pay, or have paid for him, the round figure of \$100 as tax toll. By the same token, the eight million Illinoisians of all ages will pay 800 millions of the national total. With four as the average Illinois family, every one of our state's family units will be assessed \$400. Those of you who pay more than the \$100 per capita can judge how much of the burden of the smaller payers you take over.

Ninety per cent of the people in this country pay three-fourths of all taxes paid. The other ten per cent of the tax will be escaped. Someone will pay. If you don't pay directly, you will pay in added living costs passed on to you. Even the person 100% on relief in Illinois will pay his share. If he gets \$55 a month bounty for his family, he will pay in taxes at least \$75 of his \$660 total, direct and indirect. If, as predicted our national income for 1938 is 69 billions, almost 20 cents out of every earned dollar will be taken by the tax collector.

The practical doubling of federal taxes since 1932 is illuminating. In that year, federal taxes were 23% of our total, state taxes 20% and local taxes 57%, according to the Federation of Tax Administrators. In the year just ended—1937—federal taxes were 44% of the total, state 20%, and local 26%, of the total. It isn't that local taxes have decreased. The federal bracket is climbing. State taxes also have increased, but federal totals have so far outrun state and local units that the divergence in per centage is thus accounted for. Uncle Sam, with New Deal spenders at the helm, is proving nimble of foot.

Some writers predict that congress, convening this week, will appropriate another ten billion dollars for federal purposes. If so, the national debt, now 37 billions, will be increased. Already, the national debt is 15% of our national wealth. Illinois political units do not, in soundness, authorize bond issues of more than 5% of their assessed valuation. National indebtedness means either more bonds or more printed money—or both. Taxes are the only means of paying public indebtedness. Too much printed money is inflation. Inflation is badly cheapened currency dollars.

President Roosevelt wants congress to abolish the federal office of comptroller general—the only fiscal official answerable to congress. The comptroller is authorized by congress, is appointed by the president, serves for fifteen years, gets \$10,000 a year and cannot succeed himself. It is his duty to see that every federal expenditure comes strictly within the purview of law.

Back in the Coolidge days, when our national debt was being reduced a billion a year, farm income was three billions higher than now. Twenty-five years ago, national government spent one dollar where today it spends ten. Twenty years ago, Illinois state government spent one dollar where today it spends nine. Maybe those who have been crying out for drastic reduction of governmental overhead will have an ear in 1938.
